

It'd Still Be You

(Mike McCornack - March 2010)

E E/G# A
If I was lost and looking for a friend
 B B/A E
And you came along, It'd still be you.
E E/G# A
If I was young and single once again,
 B B/A E
And I saw your face, It'd still be you.

 B B/A E
It'd still be you when the leaves all turn and the geese take flight,
 B B/A B C# B
And in the winter through the storms that fill the night.
 E E/G# A
When the spring comes and the world is born anew,
 B B/A E
If it were up to me, it'd still be you.

[instrumental break - verse pattern]

If the years should turn your golden hair to gray,
That'd just be fine, It'd still be you.
If time should take my memories all away,
If you'd hold my hand, It'd still be you.

It'd still be you when the mornin' breaks the dark of night,
And when the sun gives up its final ray of light.
If I needed proof of all that love can do,
I'd just turn around,
It'd still be you.

[instrumental break - verse pattern]

[Repeat Chorus II]

Ooh ooh ooh ...
Ooh ooh ooh ...
It'd still be you.
